Fiscal Note Version – As Amended by H-1251

Description

Senate File 406, as amended by **H-1251**, establishes a Division of Mental Health Advocate in the Department of Inspections and Appeals (DIA) and specifies duties for the administrator of the office. A transition provision directs the DIA to commence organizational activities during FY 2013-2014 as necessary to fully implement the new division and all of the Bill's provisions on July 1, 2014.

This Bill requires the Clerk of the District Court or the clerk's designee to inform the interested person that intends to file an application for involuntary commitment about the option of requesting a preapplication screening assessment through a preapplication screening assessment program, if available.

This Bill also combines the application for involuntary commitment with treatment of persons with a substance-related disorder under the Iowa Code so an individual can fill out one application for an **Iowa Code chapter 125** or **229** commitment.

Further, this Bill requires the Department of Human Services to conduct a study regarding the possible development of a hospital bed tracking system to most efficiently and effectively serve the needs of persons suffering from mental illness. The department is required to submit a report of the study and make recommendations to the Governor and the General Assembly by December 16, 2013.

Background

According to information provided by the Eighth District Court Administrators, there are approximately 41 mental health patient advocates working both full and part-time and many serve more than one county. Salaries and benefit packages vary greatly, with most salaries ranging from \$15-\$20 per hour.

Assumptions

- In FY 2014, there will be one office administrator FTE and one administrative assistant hired for the Office of Mental Health Advocate.
- In FY 2015, the DIA will hire the equivalent of 30.0 FTE positions as full and part-time positions. These will be social workers or equivalent level to serve as Mental Health Advocates and one additional supervisor to supervise the social workers and assist with training and other duties of the office.
- There will be some one-time office startup costs the first year and ongoing expenses for office space and other administrative costs.

- The benefit packages and employment history are unknown for the current mental health advocates so the savings to the counties and the additional cost to the state to fund accrued vacation, accrued sick leave, or benefits related to longevity of service cannot be estimated at this time.

Fiscal Impact

Senate File 406 is estimated to cost the state General Fund \$223,000 in FY 2014 and \$2.1 million in FY 2015. There will likely be additional costs related to vacation, accrued sick leave, or benefits related to longevity of service as current mental health advocates are transitioned to state employees but without additional information those costs cannot be estimated. Cost details are listed in the chart below:

<u>Position</u>	<u>FTEs</u>	<u>FY 2014</u>
